

Test the latest collaboration technology in your workplace -  
with absolutely no risk

## Introducing Nureva Span - collaboration reimagined

New ideas are the lifeblood of your business. It's why groups of people across the country spend days and days in meeting rooms.

Mountains of Post-it note. Pages of flipcharts. Endless conference calls. These are the common tools of collaboration. But surely there is a better way?

The Nureva Span collaboration system takes these proven processes and fast tracks them into the digital age. A panoramic projector provides unlimited expansive virtual canvases where teams, both physically present and remotely based, share and explore ideas.

Combined with Span Workspace, a cloud-based software solution, anyone can invite other users or guests to a canvas, and everyone can work together on it in real time, using any device.

Familiar tools, including sticky notes, sketches, images and templates, help organisations shift from paper to digital collaboration without compromising their proven and comfortable processes.

It's a collaboration solution designed for the digital generation - familiar, simple, flexible.

---

Sounds good?  
Why not try Span in your workplace -  
totally without obligation?

---

## Span sounds great, but will it work for my team?

Now you can find out for sure. We are offering a Proof of Concept service, a way of testing out the Nureva Span solution in your own workplace, with negligible financial risk.

Simply rent a Span system - from one day to three months - and use it with your teams to truly experience the difference it delivers.

As part of the package, we'll fully train your people to ensure they get the best from the trail.

If you decide it's not for you, we'll collect the system at the end of the rental period and there's no further obligation. If it's revolutionised your business, you can buy the system at a reduced rate.

## Why use the Proof of Concept service?

- Try before you buy - ensure the technology is right for you
- Very low risk - minimal initial financial outlay, all-inclusive package
- Recoup percentage of your rental cost - buy at a reduced price at the end of the rental period
- Hassle free - rental package includes delivery and full set-up and free collection and removal if you want to return
- Get the most from your trial - 2 days of training sessions included.

## Book your rental trial today!
